March 2024

Small town, big hearts

We are finishing up the water project and the auto read electric meters are being replaced starting March 4th. There will be a brief interruption in service while the meters are being switched out. **Thank you all for your patience during this project.**

Many have asked and yes, you are able to park on the new water meters. Please let Town Hall know if the meter becomes damaged.

Chalmers Police Department wants to remind everyone about spring cleanup. All vehicles on your property need have current tags on them. Also make sure that all sidewalks are free from clutter as well.

Please make sure to lock up your vehicles and buildings as well. There has been several issues with stolen items recently. Please remember if you see anyone, or anything suspicious, please notify the Town Marshall or the Police Department.

“Learn as if you will live forever, live like you will die tomorrow.”

Town Council Meetings are now being held on the 2nd and 4th Tuesdays at 6 pm at Town Hall. Everyone is welcome to attend.

Splash pad restroom update:

Construction will start on the new splash pad restroom and pavilion as soon as the permits are issued and weather cooperates. The splash pad will also be getting a fresh coat of paint for the season. We just need summer to hurry up and get here.

As the water project is winding down, F & K will be returning to finish up and put things back to original state. Also, many have been wondering what is being constructed by the playground at the park. This is not the new restroom but a new well pump house being built. The town now has three wells to furnish water to the resident of Chalmers. The construction will be completed as soon as all the parts arrive.

=====

Do you have any special needs that you would like for us to know about in case of a power outage or other emergency situation? (Ex. oxygen, re Fridgerated medications or a Cpap machine) If so please fill out form and return to Town Hall.
